

Press Release

Change to the Board of Directors

Appointment of Sandro Camilleri as New CEO Successful Growth Strategy to be Continued

Stuttgart/Germany, August 26, 2011 – Digital Identification Solutions AG (DISO AG), a leading international ID solutions provider, announces a change to its board of directors: on August 25, 2011, DISO AG’s supervisory board appointed Sandro Camilleri as a member of the board of directors and new CEO.

Sandro Camilleri graduated in Business Administration, specializing in Economics and Finance, at the European Business School in London and subsequently attended a post-graduate course specialising in M&A at the Wharton School of the University of Philadelphia. Over the last ten years, Mr. Camilleri has gained extensive experience in the international ID card issuing industry, including comprehensive “hands-on” business expertise in Europe, the Middle East and Asia.

He is currently Chairman and CEO of Matica Systems S.p.a, the new majority shareholder of DISO AG since July 2011. Mr. Camilleri is one of Matica’s founders and has transformed the company into an international provider of card personalization systems.

‘My goal as DISO AG’s new CEO is to continue and consolidate the company’s successful growth strategy in the future’, comments Sandro Camilleri. ‘The business models of DISO and Matica complement one another extremely well. By combining their strengths, we aim to create a global player with a leading position in our industry’, adds Camilleri.

The Management Board

About Digital Identification Solutions

The Digital Identification Solutions Group is a global provider of advanced identification solutions with a worldwide install base of more than 11,000 systems. In October 2009, the Group introduced to the world market the latest *EDIsecure*® XID Retransfer Printer generations for distinct Business Line segments, as well as a much enhanced Professional Line Portfolio in combination with new Inline Lamination Modules. The Professional Line Portfolio will support multiple new modules in the forthcoming future, as well as the revolutionary LCP 9000 Laser Color Personalization System. The company has its own sales, marketing, logistic and support centers in Germany, the United Arab Emirates, Singapore, China, the United States

and Mexico. Together with its vast network of certified partners, Digital Identification Solutions is in a position to deliver state-of-the-art solutions virtually anywhere in the world. The company combines cutting-edge technology, extensive industry know-how and an impressive array of references in the private and public sector.
